

Installation instructions for Nelson-Rigg® Can Am Sport Tank Bag

Read instructions carefully before installation. Diagrams show typical installation, your motorcycle may be different, use diagrams as a guide. Make sure your motorcycle is clean and free from dirt, road grime etc. where the Nelson-Rigg® luggage mounts.

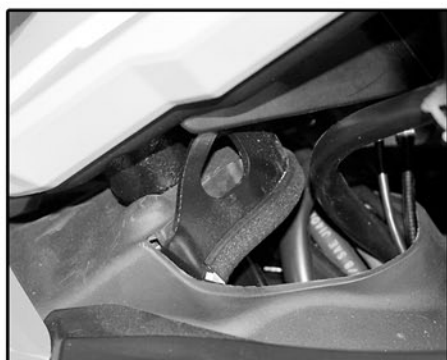

Raise the seat and locate the point where the clips will attach to the tank cowl.

Fold the webbing around the clip so hook part of the clip is on top as shown above.

Slide the clip under the plastic cowl as shown. Pull webbing forward and make snug. Repeat on opposite side and lower the seat. Be sure the seat is locked in place before proceeding.

Locate the factory metal bracket positioned underneath the steering head. It might be necessary to turn the handlebars to full lock to access easier.

Pass the webbing strap at the front of the bag with Velcro through the metal bracket and pull snug. Repeat on opposite side.

Lay the webbing strap back on itself joining the Velcro patches and securing the bag in place. Repeat on opposite side.

Warning:

Read the installation instructions and make yourself familiar with the process of installing the Nelson-Rigg® product(s) on your bike. It is your responsibility to mount the product correctly and securely as outlined in these instructions. Nelson-Rigg® products are intended for use at USA street legal speeds as posted by the individual States. Nelson-Rigg® luggage must not be overloaded. Max carrying capacity is 10 lbs per bag or the maximum load suggested by the manufacturer of the vehicle, whichever is less.

Failure to adhere to these warnings may result in, but not be limited to: the luggage becoming detached, the product becoming tangled in moving parts of the vehicle, unstable vehicle dynamics, reduction in the ability to control the vehicle. The result(s) could lead to serious injury.

Always ride safely, adhering to the local highway regulations. Always wear a helmet and protective apparel.
